

Count down for World Canoeing Day

There is only

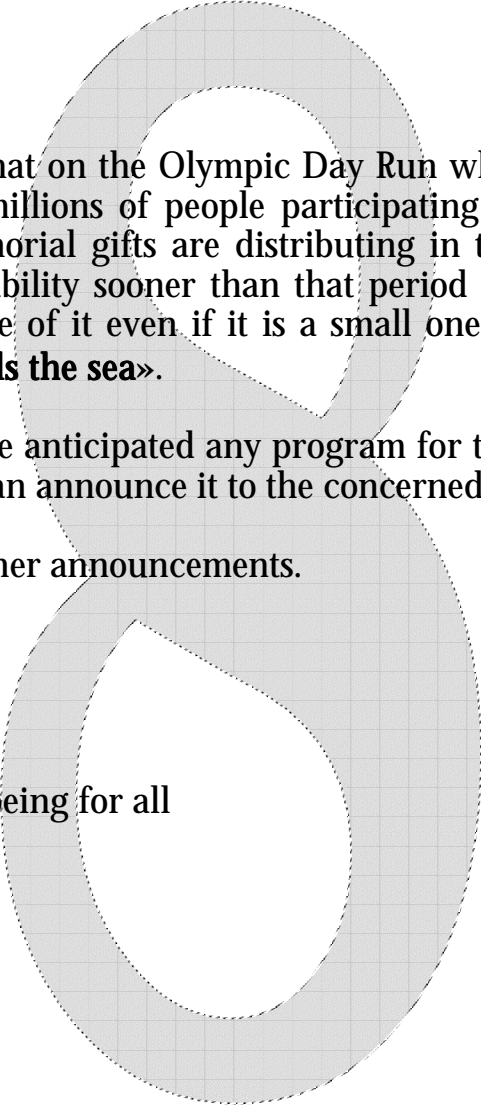

8 days

Time to the World Canoeing Day on June. 1st.2003

The 2nd edition of World Canoeing Day with the motto of Keep Water Clean will be held on Sunday June.1st.2003.

We had several positive responses, I am confident that most of the national canoe federations, for development of canoeing in their own countries have planed a program for the world canoeing day.

1. Are the canoe federations/clubs or other canoe organizations in your country active in only ICF canoe disciplines or are they active in other discipline expect than ICF ones?
2. Is there local or native boat in your country? Please send a photo of it with it's local name by email to us.
3. Did you perform any personal activity for the world canoe day such as interview, preparing poster, labels, T. shirt, caps, plan or any other things for that day? in case of positive reply let us know.

- 
4. Let's remember that on the Olympic Day Run which is 17 years old now, there are millions of people participating in it & millions of souvenirs & memorial gifts are distributing in this day, we should reach the same ability sooner than that period & any of us should undertake a share of it even if it is a small one, as a proverb says: **«drop by drop fills the sea».**

I insist if you have anticipated any program for this day send it with a photo to us then we can announce it to the concerned organizations.

Wait for our further announcements.

Ali Ghalamsiah
ICF responsible for canoeing for all
